

Strike A Light

Requirements:

1. Staves/broom handles
2. String
3. Sand paper
4. Tape/chalk
5. Matches
6. Candles

Introduction:

- The objective of this activity is to simply strike a match on some sandpaper which is pinned/taped to the wall and light a candle directly underneath the sandpaper. Split the troop into groups of 2 or 3 and give each team 2 staves, string and **one** match. Mark a line **MORE** than 1 and a half staves length from the sandpaper on the wall. Place a candle on the floor underneath the sandpaper. Now get each team to light the candle without **ANYBODY** passing the marked line.
- This activity should help each Scout practice/learn how to do a Round Lashing.
